Dear Sir/Ma'am,

With 5 months of experience as trainee analyst, I am writing to express my interest in the full-time career opportunity at your esteemed organization.

I have completed MCA from Birla Institute of Technology, Mesra, Ranchi. I am also pursuing a Diploma in Applied Statistics from Indira Gandhi National Open University, (Delhi).

In my current position as a trainee analyst, I work on technology such as Java, Angular, Git, Hibernate, Spring Boot, JavaScript to execute client activities that involves designing and executing the requirements. Moreover, it has enabled me to enhance my coding skills in a professional environment and develop strong inter-personal skills required for effective communication. I am responsible for the development in backend technologies.

Apart from my professional and academic qualifications, I believe my personal characteristics are my strengths. I reckon myself to be a quick learner, team player and result driven. I embrace challenges where problem-solving and being attentive to details are necessary.

I am ecstatic to add value through my skills and academic knowledge towards the growth of your organization.

To further acquaint you with the specifics of my background, please find enclosed my resume. It would be a great opportunity to have a personal interview with you, where I will be able to demonstrate my suitability in more detail.

Looking forward to hearing from you.

Regards,
Alfiya Khan
